Dear Dr. Linford:

Registration of the following product(s) was effective January 9, 2008:

THERMAPUREHEAT, EPA Reg. No. 1051175-50001-AA

This registration action is based on compliance with provisions of California laws and regulations pertaining to device registration.

In accordance with Food and Agriculture Code (FAC) section 15313, the registrant of a device shall immediately notify the director of any proposed change to the device including, but not limited to, labeling composition, configuration method of application, and use of the device. The director must approve all changes before the changed device may be manufactured for sale, advertised, delivered or otherwise provided, offered for sale or lease, sold, leased, possessed, or used in this state.

Additionally, in accordance with FAC section 15316, if, at any time after the registration of a device, the registrant has factual or scientific information showing any adverse effect or risk of the device to human health or safety, property, or the environment that has not been previously submitted to the director, the registrant shall immediately submit the information to the director.

Your certificate of registration (license) and a stamped copy of the product label(s) are enclosed.

Sincerely,

Victoria Hornbaker
